Work Experience

SOFTWARE ENGINEER

OpenXcell, Ahmedabad

12/2021-Present

Speed | Bitcoin payment processor

- Designed and constructed RESTful APIs within the API catalogue module to efficiently manage all APIs directly from the admin panel.
- Engineered an API to provide comprehensive details on failed transactions within the Bitcoin Lightning Network.

JobTatkal | AI-powered jobsite

- Conducted in-depth research on LLMs utilizing scarce resources and pioneered the development of a proof of concept for JobTatkal from inception.
- Developed and managed front-end and back-end functionalities leveraging React.js, Next.js, Node.js, MongoDB, Express.js, GPT, Pinecone, TypeScript, JavaScript, and Tailwind CSS.
- Employed tools such as Hotjar, Inspectlet, Google Ads, Google Tag Manager, and HubSpot to optimize user experience and foster engagement.
- Collaborated closely with design, content, and marketing teams to ensure the delivery of high-quality products.

SkillDB | Talent marketplace

- Crafted intuitive user interfaces for both websites and web applications, employing cutting-edge technology stacks and adhering to industry best practices and standards.
- Researched and successfully implemented a multi-tenancy system, enabling users to seamlessly switch between multiple organizations without any hassle.
- Implemented role-based access control (RBAC) to empower users to customize permissions within their organizations, granting freedom to assign specific roles with tailored permissions.

SOFTWARE ENGINEER

Mobify

08/2020-08/2021

- Used AWS Textract to convert PDFs to text, and developed a script that facilitated the conversion of text files into CSV format.
- Developed distinct AWS Lambda functions that trigger in response to various events, such as the dropping of a PDF in an S3 bucket.
- Utilized Gatsby to design and build high-performance static websites, ensuring exceptional speed and efficiency in delivering content to users.

Certifications

- Docker for Developer – LinkedIn - 12/2023
- Learning GitHub Actions – LinkedIn – 12/2023
- React.JS – HackerRank – 10/2023
- Python – HackerRank – 09/2022

Education

Bachelor of Technology in Electronics and Communication, Graduation Year (2019), Charotar University of Science and Technology.
